# COSPLAY GUIDELINES FOR EVENT

## Costumes

There are no restrictions on the genre of costumes that can be present in the event area. **BUT PLEASE NOTE THAT**, Cosplay Matsuri is a family-friendly event. Content should not go beyond PG rating. Your outfit must not be obscene or in breach of any applicable legislation or regulation.

If the attendee's costume is military, para-military, or law-enforcement themed, we ask that they remain mindful at all times on how the public may perceive your costume when you are wearing them. Please make an indication or feature on the costume that would indicate that it is a costume and not a real uniform. This also applies to any costumes that are from, but not limited to, anime, games and manga.

If the attendee's costume consists of a feature that conceals facial features, they may be asked to remove the feature at any time. This includes, but not limited to, masks, helmets and bandanas.

If the attendee's costume is out-sized or has features that protrude out, we ask the attendees be aware while walking around and to avoid hitting other attendees.

The event staff reserves the right to ask any attendee to leave the event area or request the attendee to change out of costumes that are deemed inappropriate (but not limited to), e.g. indecent exposure (public exposure of genitalia, buttocks or breasts), outrage of modesty, make cause for public alarm (for example, terrorist wearing a suicide vest), etc.

Attendees should not engage in poses that are sexually suggestive or make cause for public alarm.

If you have a replica weapon, please refer to the next section about weapon.

# COSPLAY GUIDELINES FOR EVENT

## Weapons

If attendees are bringing any replica weapons to the event, we ask that they remain mindful and transport them to and from the event in a covered bag, e.g. rifle bag for replica firearms or cloth sheath for swords. Only take them out once you are in the event area.

Anything that is able to discharge a projectile should be made safe. This include functional bows and crossbows with tensioned strings. Nerf guns should be unloaded and/or batteries removed.

Replica edged weapons (e.g. swords, daggers, thrown weapons) made of metal, of any length, are not allowed at the event, even if the cutting edges are blunt.

All replica firearms are required to have their muzzle tips coloured in orange.

Spot checks of replica weapons will be made and cleared weapons will be marked with a coloured cable tie specific for each day.

When walking around with replica weapons, please do not carry them in an aggressive manner, e.g. shouldering rifles, fingers inside trigger guards, swords raised, etc. If possible, carry firearms with your fingers away from the trigger and pointed downwards, and weapons sheathed.

If attendees wish to present their weapon aggressively, we ask that they only do so when posing for a photo.

When attendees are leaving the event area, they are reminded to keep the replica weapons for transport. Do not carry weapons outside of the event area openly to avoid alarming the public.
